

2018 Christmas Issue #5 KinesiologyZone, TASK Ireland, Westport, Co Mayo

Wishing you a very Merry Christmas and plenty of health and wellness in 2019

It's been a full year of travel, learning, growth, moves, and of course the growing excitement of the upcoming fresh start energy that comes at this time of year. We've had a wonderful year as Class of 2018 graduated, Class of 2019 got underway, post graduate workshops with Metabolics, and Balanced Health courses took place throughout the country.

Our HealthRoadShow was a combination of online webinars and tasters during August. It's lovely to see graduates giving free talks, making more videos online, and generally more people discovering Systematic Kinesiology. 2019 is going to be a busy year too, and we hope you'll become part of our Graduate Network when the time comes. Below are details of our upcoming workshops, some products we recommend, and ask you to note our **NEW ADDRESS** (over leaf).

COURSES AND WORKSHOPS

The Balanced Health Course

The Balanced Health Course is a part time, 3 month programme consisting of two live weekends, online video tutorials, monthly masterclasses.

ONGOING SUPPORT FOR OUR GRADUATES

We had a first call about the proposed **GRADUATE NETWORK** and lots of ideas about regional meet ups, forum, regular discussion calls, and different ways to support each other. We'll have more details rolled out in the new year, & there will be more opportunities to contribute ideas.

There's a replay of the first call available – please get in touch if you haven't received the link.
